

As a returning user...

... I'd like to be able to share the recipe I find via text, tweet, or email so that I can share how excited I am about the recipe.

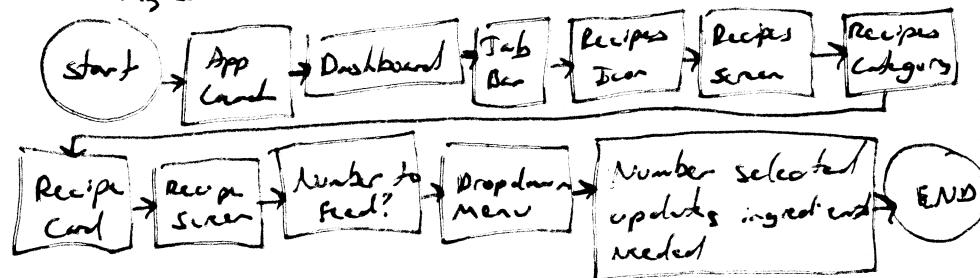

As a returning user...

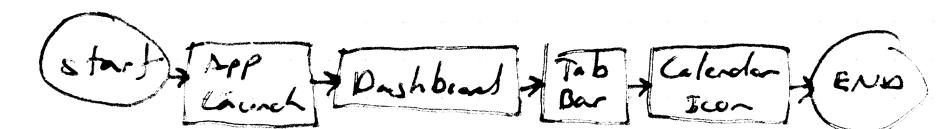

... I want to be able to drop all ingredients to a list so that I can make shopping easier.

... I want to be able to view a recipe, and scale the ingredients up or down based on how many I'm cooking for, so I know how much ingredient amounts I'll need.

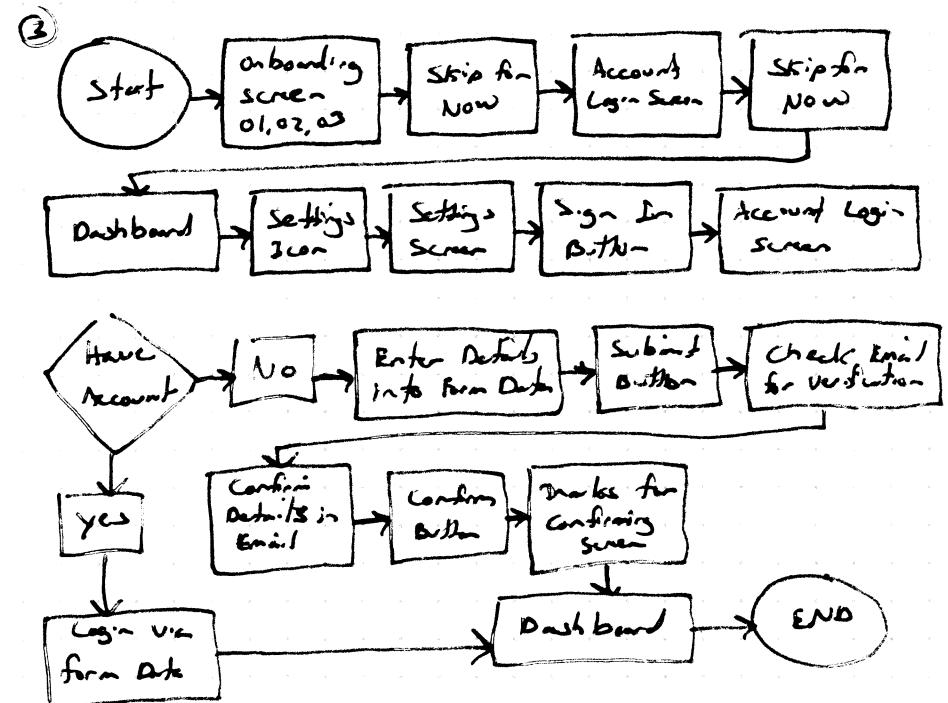

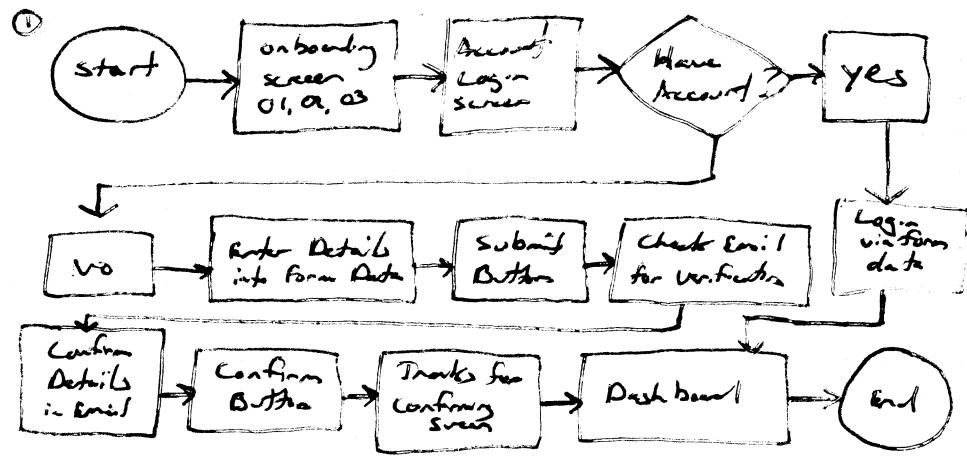

... I want to be able to create a meal planning calendar so that I can take some guesswork out of eating healthier.

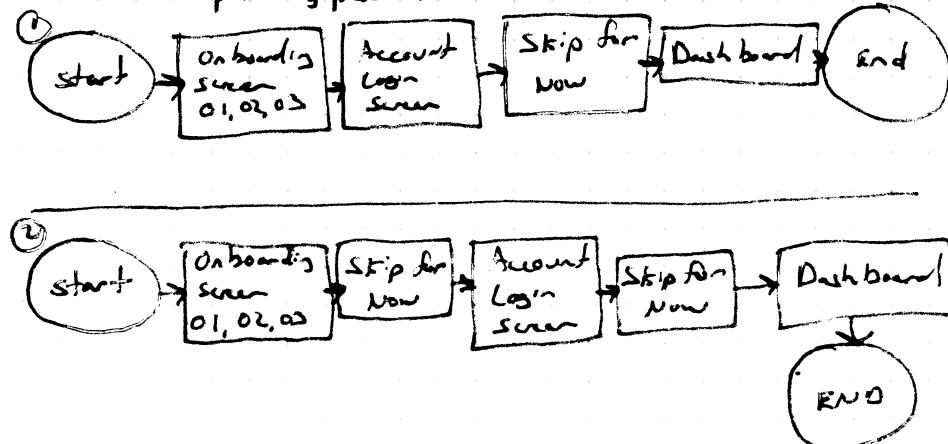

As a new user...

... I want to be able to log in with a username and password so that I can return to the app at my leisure and view my personal configurations and settings.

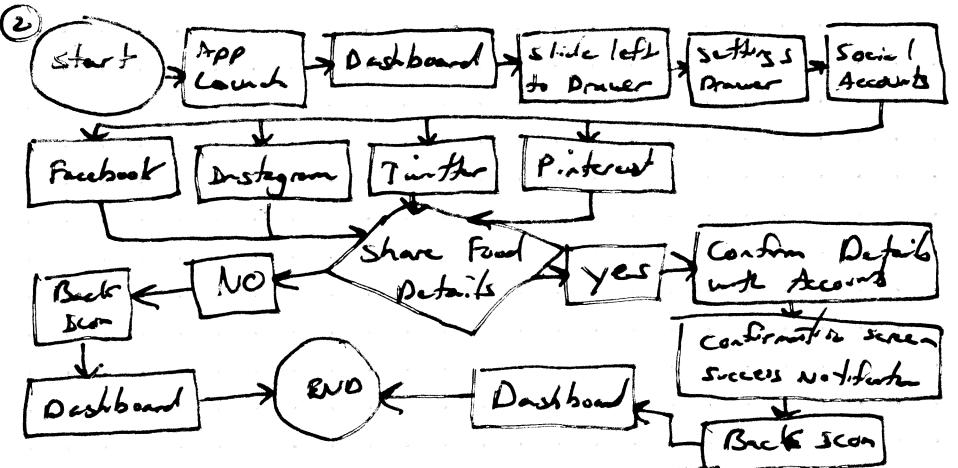

... I'd like to be able to use the app with basic functionality as a guest user without signing in so that I can at least try out without providing personal information

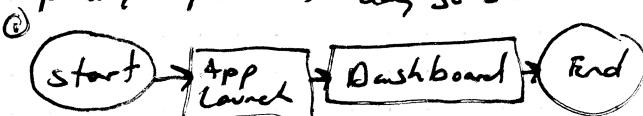

As a returning user...

... I'd like to link my social media accounts to the app in a personalized setting menu so I can share my recipes and posts with ease.

... I want to be able to see my feed showing different posts, recipes of the day so I know what is trending.

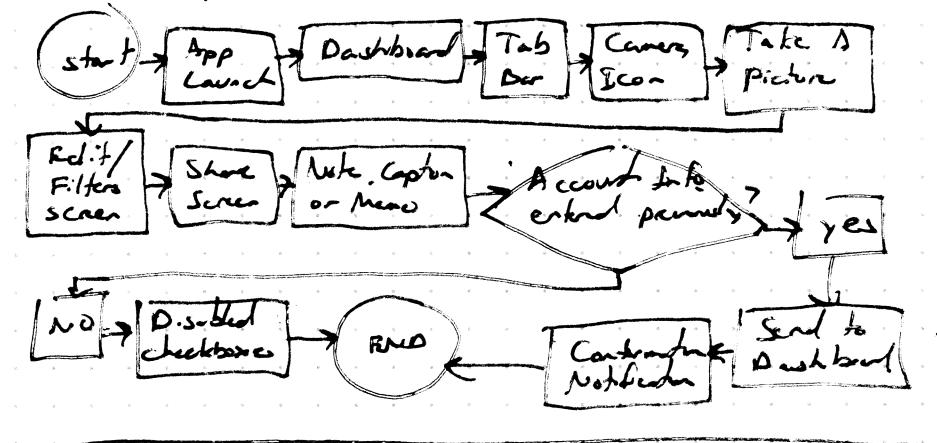

... I want to be able to use the mob./tw device camera so I can photograph what dish I'm about to eat.

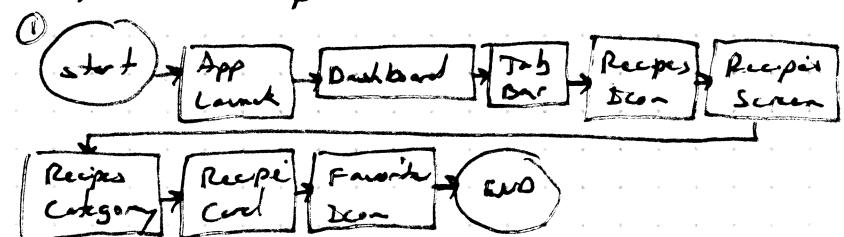

As a returning user...

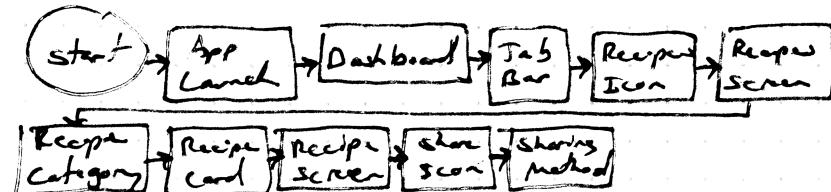

... I want to be able to tag my photographs and post in different social media platforms so I don't have to do it manually later.

... I'd like to select individual recipe based on different criteria (ie tags, categories, etc.) and mark them as favorite so that I can keep track of them and not lose them.

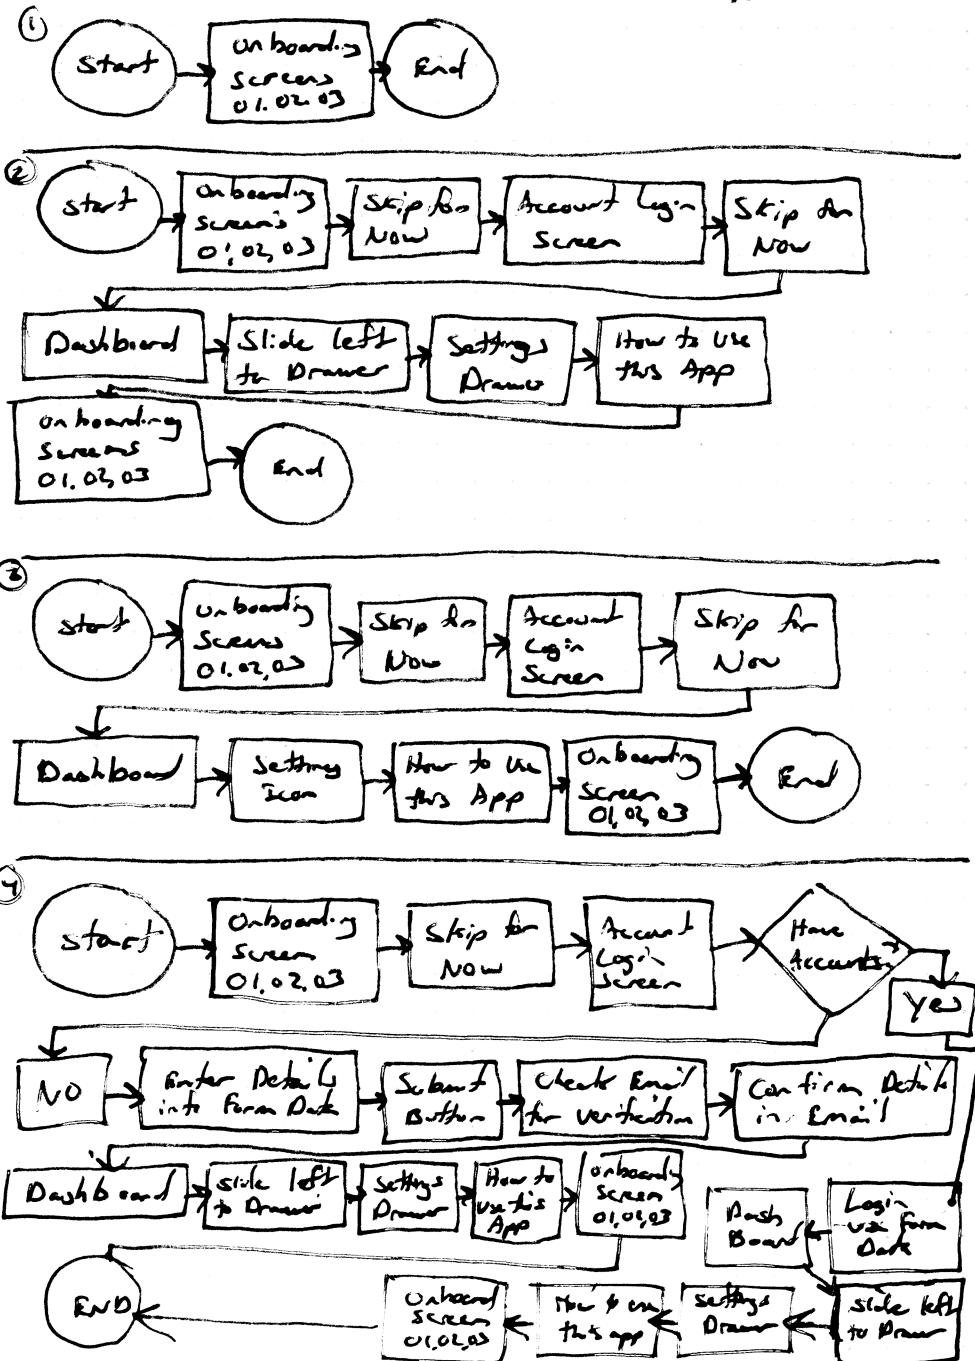

... I'd like to be able to share the recipe I find via text, tweet or email so that I can share how excited I am about a recipe.
